## **Item 3 Disciplinary Information**

None.

#### Item 4 Other Business Activities

- A. **Other Investment Adviser Firm.** Mr. Frigon also serves as an owner and an investment adviser representative of Taylor Frigon Capital Management, LLC (“*TFCM*”), an affiliated SEC registered investment advisor firm. Mr. Frigon may refer certain clients to *TFCM* for advisory services. The recommendation by Mr. Frigon that a client engage the investment advisory services of *TFCM* presents a **conflict of interest** as Mr. Frigon, one of the Registrant’s Owners, may receive a direct economic benefit from any such referral. No client is under any obligation to engage the services of *TFCM*. **The Registrant’s Chief Compliance Officer, Douglas E. Connolly, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

**Taylor Frigon Capital Partners, LP and Taylor Frigon Growth Partners, LP.** Taylor Frigon Capital Management, LLC is affiliated with private funds and serves as the financial adviser to Taylor Frigon Capital Partners, LP and Taylor Frigon Growth Partners, LP (the “*Funds*”). The general partner of the *Funds* is Taylor Frigon Capital Advisors, LLC, of which Mr. Frigon is the one hundred percent (100%) owner. Mr. Frigon may recommend, on a non-discretionary basis, that qualified clients allocate a portion of their investment assets to the *Funds*.

**Conflict of Interest:** Because Mr. Frigon, through his ownership interest in the *Funds*, may receive an enhanced economic benefit from a client’s investment in the *Funds* (i.e., distributions in accordance with his ownership interest), Mr. Frigon has a conflict of interest in recommending to clients that they consider investing in the *Funds*. **The Registrant’s Chief Compliance Officer, Douglas E. Connolly, remains available to address any questions that a client or prospective client may have regarding the Fund and any corresponding conflicts of interest.**

- B. The supervised person is not actively engaged in any non-investment-related business or occupation for compensation.

#### Item 5 Additional Compensation

Mr. Frigon’s annual compensation is based, in part, on the amount of assets under management that Mr. Frigon introduces to the Registrant. Accordingly, Mr. Frigon has a conflict of interest for recommending the Registrant to clients for investment advisory services, as the recommendation could be made on the basis of compensation to be received, rather than on a client or prospective client’s best interests.

#### Item 6 Supervision

The Registrant provides investment advisory and supervisory services in accordance with the Registrant’s policies and procedures manual. The primary purpose of the Registrant’s Rule 206(4)-7 policies and procedures is to comply with the supervision requirements of Section

Connolly, is primarily responsible for the implementation of the Registrant’s policies and procedures and overseeing the activities of the Registrant’s supervised persons. Should an employee, independent contractor, investment adviser representative, or solicitor of the Registrant have any questions regarding the applicability/relevance of the *Act*, the Rules thereunder, any section thereof, or any section of the policies and procedures, he/she should address those questions with the Chief Compliance Officer. Should a client have any questions regarding the Registrant’s supervision or compliance practices, please contact Mr. Connolly (805) 226-0280.

## **Item 2 Education Background and Business Experience**

Matthew S. Sepulveda was born in 1993. Mr. Sepulveda graduated from California State University, Sacramento in 2016, with a Bachelor of Arts degree in Economics/Government and from Boston University in 2017 with a Master of Arts degree in Economics. Mr. Sepulveda has also been a Research Analyst of Taylor Frigon Family Office, LLC since January 2023. Prior to that, Mr. Sepulveda was a student.

Mr. Sepulveda has been a CFA<sup>®</sup> Charterholder since 2022. CFA<sup>®</sup> designates an international professional certificate that is offered by the CFA Institute. The Chartered Financial Analyst<sup>®</sup> (CFA<sup>®</sup>) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute — the largest global association of investment professionals.

There are currently more than 190,000 CFA<sup>®</sup> Charterholders working in over 170 countries and regions. To earn the CFA<sup>®</sup> charter, candidates must: (1) pass three sequential, six-hour examinations; (2) have at least four years of qualified professional investment experience; (3) join CFA Institute as members; and (4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

### **High Ethical Standards**

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA<sup>®</sup> Charterholders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

### **Global Recognition**

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA<sup>®</sup> charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers and clients are increasingly seeking CFA<sup>®</sup> Charterholders —often making the charter a prerequisite for employment. Additionally, regulatory bodies in 38 countries/territories recognize the CFA<sup>®</sup> charter as a proxy for meeting certain licensing requirements, and more than 466 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

### **Comprehensive and Current Knowledge**

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning.

The CFA Program curriculum is updated every year by experts from around the world to ensure that candidates learn the most relevant and practical new tools, ideas, and investment and wealth management skills to reflect the dynamic and complex nature of the profession.
